

# WAVEBOX SINGING

## 1 Proud Regal - “Come To Me”

If something isn't working in your “Wavebox Singing, check these things in order:

1. “Come to me” (proud regal)
2. Wall of Sound (constant vocalization)
3. Semicircle Singing (only touch the line/blossom/give destination)
4. Cursive Endings (it's not a volume thing, it's simply allowing the endings to be special)
5. “Oh Really” breaths (think “silent 360° breath” at the end of the phrase and pointer finger going through palate)
6. Silent “H” (with phrases starting on vowels think silent “H”)
7. Very basic Interp (enter the phrase smoothly ... finish the phrase – repeat)

You are now ready to go back to using your Wavebox. Notice the difference and Enjoy!
